

Nook for PC

Download and Install Nook Applications:

1. [Click here](#) to go to the Free Nook Reading Apps download page. If you're not signed into your Barnes and Noble account, sign in now. The rest of these instructions assumes that you will select *Windows PC* under Computers, which will take you to the page shown below.

2. Click the green **Download Now** button. A window will open for you to save the installation file to your computer. It will automatically save in the default download folder of the browser you're using, unless you asked it to save somewhere else. You won't be using the file again after you've installed the PC for Nook application.
3. When the program has installed, click **Finish**. Nook for PC should open and if you signed into your Barnes and Noble account before downloading the file, any ebooks you've purchased through B&N should show up in your library.

4. The Welcome to the Nook for PC Setup Wizard window should open. Click *Next*.

5. The Barnes and Noble agreement window will pop up. Check the *I agree* checkbox and click *Next*.
6. A window showing which components will be installed by default will open. Click *Next*.
7. The program will want to install in the default location. Unless you object (and there's really no reason to put it somewhere else), click *Next*.
8. When the program has installed, click *Finish*. Nook for PC should open and if you signed into your Barnes and Noble account before downloading the file, any eBooks you've purchased through B&N should show up in your library.
